

Florida Commission on Hurricane Loss Projection Methodology
November 8, 2010
Conference Call Emergency Meeting Summary¹

An emergency conference call meeting was held to review the corrections and revisions implemented by AIR Worldwide Corporation resulting in the release of Atlantic Tropical Cyclone Model version 12.0.1, Program CLASIC/2 version 12.0.4 and for resolution of its acceptability.

A subset of the Professional Team reported on the findings of their on-site review at AIR Worldwide on November 3 & 4, 2010.

David Lalonde from AIR Worldwide provided the Commission with an explanation of the corrections and revisions as the Commission reviewed each grouping of standards.

The Commission reviewed the AIR Worldwide Atlantic Tropical Cyclone Model Version 12.0.1, Program CLASIC/2 Version 12.0.4 under the General Standards (G1, G2, G3, G4, G5), Meteorological Standards (M1, M2, M3, M4, M5, M6), Vulnerability Standards (V1, V2), Actuarial Standards (A1, A2, A3, A4, A5, A6, A7, A8, A9, A10, A11), Statistical Standards (S1, S2, S3, S4, S5, S6), and Computer Standards (C1, C2, C3, C4, C5, C6, C7). The Commission found Atlantic Tropical Cyclone Model Version 12.0.1, Program CLASIC/2 Version 12.0.4 acceptable under the 2009 Standards.
