

Florida Commission on Hurricane Loss Projection Methodology

March 31, 2015

Meeting Summary¹

1. Jack Nicholson, Chair of the Flood Standards Development Committee, welcomed new Professional Team member Chris Jones, P.E., Coastal Engineer.
2. The Committee discussed and edited outstanding issues with the draft Meteorological/Hydrological Flood Standards. The Meteorological/Hydrological forms remain open items.
3. Chris Jones provided the Commission with an overview of flood hazards, building damage due to flood, and flood vulnerability functions. The Commission discussed flood characteristics, flood loads, and building characteristics which are key aspects of the flood vulnerability functions.
4. The Committee began discussions and edits to the draft Vulnerability Flood Standards. The discussion will continue at the June 4, 2015 Flood Standards Development Committee meeting.
5. The Committee will begin discussion of the draft Statistical Flood Standards at the next committee meeting on April 22, 2015.
