

# Municipal Secondary Market Disclosure Information Cover Sheet

This cover sheet should be sent with all submissions made to the Municipal Securities Rulemaking Board, Nationally Recognized Municipal Securities Information Repositories, and any applicable State Information Depository, whether the filing is voluntary or made pursuant to Securities and Exchange Commission rule 15c2-12 or any analogous state statute.

See [www.sec.gov/info/municipal/nrmsir.htm](http://www.sec.gov/info/municipal/nrmsir.htm) for list of current NRMSIRs and SIDs

---

## IF THIS FILING RELATES TO A SINGLE BOND ISSUE:

Provide name of bond issue exactly as it appears on the cover of the Official Statement  
(please include name of state where Issuer is located):

\_\_\_\_\_  
[See attached lists]  
\_\_\_\_\_

Provide nine-digit CUSIP \* numbers if available, to which the information relates:

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

## IF THIS FILING RELATES TO ALL SECURITIES ISSUED BY THE ISSUER OR ALL SECURITIES OF A SPECIFIC CREDIT OR ISSUED UNDER A SINGLE INDENTURE:

Issuer's Name (please include name of state where Issuer is located): Florida Hurricane Catastrophe Fund Finance Corporation

Other Obligated Person's Name (if any): N.A.  
(Exactly as it appears on the Official Statement Cover)

Provide six-digit CUSIP \* number(s) if available, of Issuer: 34074

\*(Contact CUSIP's Municipal Disclosure Assistance Line at 212.438.6518 for assistance with obtaining the proper CUSIP numbers.)

---

## TYPE OF FILING:

Electronic (number of pages attached) 41     Paper (number of pages attached) \_\_\_\_\_

If information is also available on the Internet, give URL: www.sbafla.com/bond

---

## WHAT TYPE OF INFORMATION ARE YOU PROVIDING? (Check all that apply)

A.  **Annual Financial Information and Operating Data pursuant to Rule 15c2-12**  
(Financial information and operating data should not be filed with the MSRB.)

### III. Premiums of Participating Insurers.

Below are the ten Participating Insurers with the largest Reimbursement Premiums paid to the Florida Hurricane Catastrophe Fund for the Contract Year ending May 31, 2008. The total mandatory premium collected was \$951,220,904 as of December 31, 2007. The premium for optional coverage was \$382,331,508. Since Reimbursement Premiums are collected during the months of August, October, and December, there will be minimal collections that occur from December 31, 2007 to May 31, 2008. Such collections are due to new company participation and adjustments to Reimbursement Premiums as a result of exposure examinations.

<u>Participating Insurers</u>	<u>Reimbursement Premiums</u>	<u>Percentage of Total Reimbursement Premiums</u>
Citizens Property Insurance Corporation High Risk Account	\$237,904,201	25.01%
Citizens Property Insurance Corporation Personal Lines/Commercial Lines Accounts	146,970,581	15.45
State Farm Florida Insurance Company	110,323,205	11.60

### V. Subsequent Events.

#### Litigation

There is no litigation of any nature now pending against the Corporation. There has been litigation filed against the SBA. These cases are as follows:

Emergency Assessment Litigation:

1) Bail Bond/Surety Lines of Business:

a) The Florida Public Defenders Association, Inc., a Florida Not-For Profit Corporation, Hon. Charles Richard Parker, Public Defender for the First Judicial Circuit Court of Florida, Hon. Bennett H. Brummer, Public Defender for the Eleventh Judicial Circuit Court of Florida, Hon. Carey Haughwout, Public Defender for the Fifteenth Judicial Circuit Court of Florida, Hon. Robert Wesley, Public Defender for the Ninth Judicial Circuit Court of Florida, American Surety Co., a foreign corporation, International Fidelity Insurance Co., a foreign corporation, Allegheny Casualty Co., a foreign corporation, and W. David Collins, a licensed bailbondsman domiciled in Florida, v. Florida Office of Insurance Regulation (OIR) and the State Board of Administration of Florida, Case No. 2006-2741-CA (Circuit Court, Second Judicial Circuit). Petitioner's sought an injunction prohibiting the application of the emergency assessment to the premiums of bail bond/surety policies.

\*Procedural Posture: Notice of Voluntary Dismissal Without Prejudice filed on 10/31/07 by Plaintiffs.

Other

1) Regarding the \$2.8 billion Series 2006B Extendible Floating Rate Notes issued in 2006, as of March 31, 2008, the holders of \$2.655 billion have elected to "not extend" their notes. These notes will become due and payable one year from the date of the "non extension", beginning in August 2008.

2) Also, regarding the \$2.8 billion Series 2006B Extendible Floating Rate Notes, in September 2007, the Finance Corporation executed a modification to these notes to increase the coupon spreads applicable to the four remaining reset periods from 2, 3, 4, and 4 basis points, respectively, above the 30-day LIBOR to 21, 22, 23, and 25 basis points, respectively, above the 30-day LIBOR.

**VI. Debt Service Coverage.**

**Debt Service Coverage Table**  
**Total Outstanding Parity Obligations (dollars in millions)**

Fiscal Year	Collections		Investment	Total Revenue	Total Annual	Debt Service on
	Ending	Emergency				
June 30	Assessments <sup>(1)</sup>	Premium <sup>(2)</sup>	Earnings <sup>(3)</sup>	Available	Parity Obligations <sup>(4)</sup>	Outstanding
2007	\$195.2	\$1,188.9	\$180.8	\$1,564.9	\$113.3	13.8x

Source: FHCF.

<sup>1</sup> Amount shown is actual as of June 30, 2007, and reflects collections for the fiscal year since the assessment became effective January 1, 2007 which is payable following each calendar quarter.

<sup>2</sup> Reimbursement Premiums for mandatory coverage have been reduced for estimated Current Expenses. Fiscal Year 2007 includes a one time only Rapid Cash Build-up premium of \$213 million and also includes premium for certain Limited Apportionment companies of \$135 million.

<sup>3</sup> Investment earnings earned on Emergency Assessment collections and the Series 2006B Note proceeds.

<sup>4</sup> Debt service for Fiscal Year 2007 is the actual amount net of capitalized interest.

## Report of Independent Auditors

The Trustees of the State Board of Administration of Florida  
Florida Hurricane Catastrophe Fund

We have audited the accompanying financial statements of the Florida Hurricane Catastrophe Fund (the Fund) as of and for the years ended June 30, 2007 and 2006. These financial statements are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States and the standards for financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only the Fund and do not purport to, and do not, fairly present the financial position of the State Board of Administration of Florida, the changes in its financial position, and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Fund as of June 30, 2007 and 2006, and the changes in its financial position and cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

Management's discussion and analysis are not a required part of the financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have issued our report dated October 15, 2007, on our consideration of the Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report when considering the results of our audits.

*Ernst + Young LLP*

October 15, 2007

# Florida Hurricane Catastrophe Fund

## Management's Discussion and Analysis

June 30, 2007 and 2006

Our discussion and analysis of the financial performance of the Florida Hurricane Catastrophe Fund (the Fund) provides an overview of the Fund's financial activities for the fiscal years ended June 30, 2007 and 2006. Please read this information in conjunction with the Fund's financial statements.

### **Overview of the Financial Statements**

The statements presented are the statements of net assets (deficit), the statements of revenues, expenses, and changes in net assets (deficit), and the statements of cash flows. These statements represent the financial position of the Fund, which includes the Florida Hurricane Catastrophe Fund Finance Corporation (the Corporation). The Corporation is a blended component unit of the Fund. Separate stand-alone audited financial statements of the blended component unit are not available. Combining statements can be found in the other financial information section of this report.

The statements of net assets (deficit) present the ending balances of all assets and liabilities of the Fund using the economic resources measurement focus and the accrual basis of accounting. The difference between assets and liabilities is reported as net assets of the Fund.

The statements of revenues, expenses, and changes in net assets (deficit) present all revenues and expenses of the Fund occurring during the year resulting from operations and the effect of this activity on net assets. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

The statements of cash flows provide information about how the Fund finances and meets the cash flow needs of its activities.

## Florida Hurricane Catastrophe Fund

### Management's Discussion and Analysis (continued)

## Florida Hurricane Catastrophe Fund

### Management's Discussion and Analysis (continued)

#### Financial Summary (continued)

A summary of the combined statements of revenues, expenses, and changes in net assets (deficit) for the Fund and the Corporation is presented below (in thousands):

	<b>Year Ended June 30</b>		
	<b>2007</b>	<b>2006</b>	<b>2005</b>
Net premium revenue	<b>\$ 1,202,362</b>	\$ 734,675	\$ 617,089
Net interest on premium adjustments	<b>278</b>	33	–
Net interest on loss disbursement adjustments/advances	<b>1,732</b>	3,342	1,118
Total operating revenues	<b>1,204,372</b>	738,050	618,207
Total nonoperating revenue	<b>230,781</b>	103,419	108,101
Total revenues	<b>1,435,153</b>	841,469	726,308
Hurricane losses	–	4,700,000	3,750,000
Other operating expenses	<b>5,063</b>	4,690	4,152
Depreciation	<b>3</b>	7	9
Total expenses	<b>5,066</b>	4,704,697	3,754,161
Income (loss) before transfers	<b>1,430,087</b>	(3,863,228)	(3,027,853)
Transfers to other funds	<b>(10,000)</b>	(3,371)	(61,275)
Change in net assets	<b>1,420,087</b>	(3,866,599)	(3,089,128)
Net assets (deficit), beginning of year	<b>(1,479,535)</b>	2,387,064	5,476,192
Net assets (deficit), end of year	<b>\$ (59,448)</b>	\$(1,479,535)	\$ 2,387,064

#### Financial Highlights

- The Fund's reimbursement premiums have continued to grow as a result of increased exposure in Florida and legislative changes adopted that ultimately impacted the premium.
- Investment income for the Fund was \$107,689,000 at June 30, 2005, \$102,819,000 at June 30, 2006, and \$234,294,000 at June 30, 2007. The decrease in investment income from 2005 to 2006 is due to less cash available for investment because of loss reimbursement payments.

## Florida Hurricane Catastrophe Fund

### Management's Discussion and Analysis (continued)

#### **Financial Highlights (continued)**

- The total hurricane losses are expected to be \$3.95 billion for 2004 covered events and \$4.50 billion for 2005 covered events. As a result, the Fund experienced a shortfall. In June 2006, the Corporation issued Series 2006A Revenue Bonds in the amount of \$1,350,025,000. The proceeds from these Bonds, along with the expected investment earnings, will provide moneys sufficient to reimburse participating insurers for losses from these covered events. Debt service on the 2006A Bonds will be paid from a 1% emergency assessment on all assessable lines of business beginning in January 2007.

To provide a source of funds to reimburse participating insurers for losses relating to future covered events, in July 2006, the Corporation issued pre-event Series 2006B Extendible Floating Rate Notes in the amount of \$2.8 billion. Investment earnings on these funds, as well as reimbursement premiums if necessary, are used to pay the debt service requirement of the Notes.

- The Fund is obligated to pay losses to participating insurers only to the extent of their actual claims-paying capacity up to a limit of \$15 billion for any single contract year. This capacity is increased by the optional coverage options provided for in Section 215.555. The \$15 billion will increase with exposure growth each year as long as the increase does not exceed the increase in the actual dollar growth of the Fund.
- At June 30, 2007, the Fund had the following credit ratings: Moody's Aa3, Fitch AA-, and Standard and Poor's AA-.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements

June 30, 2007

### **1. Organization**

#### **Business**

The Florida Hurricane Catastrophe Fund (the Fund), a trust fund created in November 1993 during a special legislative session following Hurricane Andrew, provides catastrophic reinsurance coverage to all authorized primary insurers of habitational structures with wind/hurricane coverage in the state of Florida. Premiums are calculated for each of the approximately 200 insurers using rates developed based on hurricane modeling of the trended data from the prior year. The modeling takes into consideration factors such as historical records of hurricane strength and landfall patterns, geographic location, type of business, construction, coverage selected, and deductions. The Fund is administered by the State Board of Administration of Florida (SBA), which has contracted for administrative and actuarial services.

The Fund also includes the accounts of its blended component unit, the Florida Hurricane Catastrophe Fund Finance Corporation (the Corporation). The Corporation, a public benefits corporation and an instrumentality of the state of Florida, was created to provide a mechanism for the cost-effective and efficient issuance of bonds necessary to enable the Fund to carry out its purposes. The Corporation is included as a blended component unit because it provides services exclusively for the benefit of the Fund. Separate stand-alone audited financial statements of the component unit are not available.

#### **Basis of Presentation**

The Fund is classified as an enterprise fund, which is a type of proprietary fund. The financial statements of proprietary funds are prepared using the economic resources measurement focus and the accrual basis of accounting. All assets and liabilities associated with the operations of this fund are included in the statement of net assets (deficit). The statement of revenues, expenses, and changes in net assets (deficit) presents increases (revenues) and decreases (expenses) in net total assets. The statement of cash flows provides information about how the Fund finances and meets the cash flow needs of its activities.

The financial statements presented herein relate solely to the financial position and changes in financial position of the Fund and are not intended to present the financial position of the SBA or the results of its operations and cash flows. The Fund follows Governmental Accounting Standards Board (GASB) pronouncements and only Financial Accounting Standards Board pronouncements issued after November 30, 1989, that do not conflict with or contradict GASB pronouncements.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **1. Organization (continued)**

#### **Limited Liability of the Fund**

The Fund's obligation to participating insurers, in the event of a hurricane(s) that causes reimbursable losses, is limited to the claims-paying capacity of the Fund. For the purpose of defining claims-paying capacity, the SBA shall use the unrestricted net assets as of December 31 of the applicable contract year, to which is added reported fund losses (including loss adjustment expense) for the then-current contract year, whether paid or unpaid by the Fund, as of December 31; any reinsurance purchased by the Fund; and the amount the SBA is able to raise through the issuance of revenue bonds up to the statutory annual aggregate fund limit; and from which is subtracted any reinsurance recovered prior to, or recoverable as of, December 31; any obligations paid or expected to be paid with bonding proceeds or receipts from emergency assessments; amounts needed for administration for the then-current state of Florida fiscal year which have not been spent and which are not reflected on the statement of net assets (deficit); and the amount of undispersed mitigation funds appropriated for the then-current state of Florida fiscal year. Revenue bonds have been issued under authorization of Section 215.555(6) of the Florida Statutes; as such, the SBA has directed the Florida Office of Insurance Regulation to levy an emergency assessment on each insurer writing property and casualty business in this state. The Fund, therefore, has no risk that it will be unable to meet its contractual obligations to participating insurers because its obligation is limited to its ability to pay.

Although bonds have been issued on behalf of the Fund, the state of Florida assumes no liability for the repayment of the bonds. Additionally, the state of Florida has no legal responsibility to make any contribution to the Fund should its obligations exceed available resources.

### **2. Significant Accounting Policies**

#### **Measurement Focus**

As mentioned in Note 1, the Fund uses the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis of accounting, premium revenues are recognized when billed. Expenses are recorded at the time they are incurred.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **2. Significant Accounting Policies (continued)**

#### **Investments**

The Fund invests all funds in relatively low-risk, highly liquid fixed-maturity securities. These investments are recorded at fair value, and the fair values are primarily obtained from independent quoted market prices. No investments were recorded at amortized cost as of June 30, 2007 and 2006. The Fund considers all investments with maturity dates of less than one year to be short-term investments. Investments with maturity dates in excess of one year are included in long-term investments. Investment advisory services are provided by the SBA.

#### **Emergency Assessment Receivable**

Emergency assessments are remitted as a percentage of quarterly direct written premium and are due 45 days following the end of each quarter for insurers and 30 days following the end of each quarter for surplus lines agents. Insureds procuring coverage and filing under Section 626.938 remit 30 days after the insurance is procured.

#### **Securities Lending**

The Fund, under authorization of Section 215.47(16) of the Florida Statutes, engages in securities lending. In a securities lending program, a lender (i.e., the Fund) loans various securities to a borrower for collateral with a simultaneous agreement to return the collateral for the same securities in the future. The market value of the loaned securities is monitored on a daily basis with additional collateral obtained or refunded as the market value of the loaned securities fluctuates. Initial collateral on cash or U.S. government securities is required at a rate of at least 100% of the market value of a loaned security. The obligation recorded as a current liability represents the obligation to return the collateral received. Interest earned on short-term investments purchased with the cash collateral held is recognized as revenue. Lending agent costs and borrower rebate fees are recognized as expenses when incurred.

#### **Premiums Receivable**

Premiums receivable represent amounts from previous billings that have not yet been collected and are net of any allowances management has established to anticipate uncollectible billings.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **2. Significant Accounting Policies (continued)**

#### **Loss Reimbursement Advances Receivable**

Certain companies may qualify for advances from the Fund, which are in essence loans based on a company's potential recoveries from the Fund (i.e., based on incurred losses rather than paid losses). Loss reimbursement advances receivable represent amounts currently outstanding on these advances, including accrued interest.

#### **Capital Assets**

Capital assets, primarily electronic data processing equipment, are stated at cost, less accumulated depreciation. Depreciation is recorded on a straight-line basis over the estimated useful lives, ranging from three to seven years.

#### **Premium Refunds Payable**

Premium refunds payable represent amounts due to participating insurers where provisional or estimated premium payments are in excess of amounts actually owed based upon the current exposure data. Also included are premium amounts received from companies pending exemption. These amounts are returned once an exemption is granted.

#### **Compensated Absences**

Compensated absences represent the Fund's obligation to accrue a liability for employees' rights to receive compensation for future absences, such as vacation and sick leave. The Fund allows vested employees to carry forward any unpaid leave indefinitely. The short-term portion of this liability, \$43,000 in 2007 and \$40,000 in 2006, is included in accrued expenses on the statements of net assets (deficit). The remaining liability is included as compensated absences with long-term liabilities on the statements of net assets (deficit).

#### **Current Contract Year Premium Revenue**

Premium revenue is recognized when billed. Coverage is provided to the participating insurers on a contract-year basis, which runs from June 1 to May 31. Premiums are billed in three installments, with provisional payments due August 1 and October 1 and a final payment due December 1.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **2. Significant Accounting Policies (continued)**

#### **Prior Contract Year Adjustments**

Participating insurers remit premium to the Fund based upon current policyholder exposure information. When insurers provide updated or corrected exposure information, the Fund may bill and receive additional premium relating to a prior contract year; the Fund may also be required to refund amounts to insurers relating to a prior contract year.

#### **Operating Revenues and Expenses**

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary fund. For the Fund, these revenues are primarily the premiums charged to all participating insurers. Operating expenses include incurred losses and necessary costs incurred to provide and administer catastrophic reinsurance to the Fund's participants.

#### **Net Interest on Premium Adjustments**

Participating insurers have the option of paying the billed provisional premium or estimating premium for the August and October installments. If the provisional or estimated payments are too high, interest is returned to the insurer on the overpayment. Likewise, if estimated premiums are underpaid, interest is charged to the insurer with the December installment. For the contract year ended May 31, 2007, the interest rate was 5.20% for overpayments of premium and 10.20% for underestimate payments. For the contract year ended May 31, 2006, the interest rate was 3.43% for overpayments of premium and 8.43% for underestimated payments.

#### **Hurricane Losses**

Hurricane losses represent the estimated ultimate cost of all reported and unreported claims incurred during the year that exceed the participating insurers' individual company retention levels. The reserves for unpaid claims are estimated primarily by management's review of reported loss information obtained from the participating insurers. Although considerable variability is inherent in such estimates, management believes that the reserves for hurricane losses are adequate. The estimates are continually reviewed and adjusted as experience develops or new information becomes known, and such adjustments are included in current operations.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **2. Significant Accounting Policies (continued)**

#### **Emergency Assessment**

Emergency Assessments are collected pursuant to Section 215.555(6)(b). As of June 30, 2007, \$94.5 million was received, net of refunds, and \$100.7 million was included as a receivable in the statement of net assets (deficit).

#### **Transfers**

Pursuant to Section 215.555(7)(c) of the Florida Statutes, the Florida Legislature will appropriate from the Fund an amount no less than \$10,000,000 and no more than 35% of the investment income from the prior fiscal year, providing that the actuarial soundness of the Fund is not jeopardized, for the purpose of providing funding for governments, agencies, and educational institutions to support programs intended to improve hurricane preparedness or reduce potential losses in the event of a hurricane. For these purposes, in fiscal year 2006–2007 and 2005–2006, \$10,000,000 and \$10,000,000, respectively, was appropriated from the Fund, and \$22,400 was available from prior years. The remaining \$22,400 available for transfer in fiscal year 2006–2007 has been restricted in the June 30, 2007, net assets for future transfer.

#### **Income Taxes**

The Fund and the Corporation are exempt from federal and state income taxes. The Fund's tax-exempt status was affirmed by a private letter ruling obtained from the Internal Revenue Service in November 1994. The Corporation received its initial private letter ruling to issue tax-exempt debt in March 1998. This ruling was renewed in June 2003 for an additional five years.

#### **Cash Equivalents**

The Fund generally considers all highly liquid investments with a maturity of less than one year when purchased to be cash equivalents. Cash equivalents are recorded at cost, which approximates fair value.

## Florida Hurricane Catastrophe Fund

### Notes to Financial Statements (continued)

#### 3. Investments

The Fund is authorized to invest in accordance with Section 215.47 of the Florida Statutes, which includes, but is not limited to, certificates of deposit, commercial paper, U.S. government agency notes, U.S. Treasury bills, repurchase agreements, and variable rate notes that enhance the Fund's investment income while maintaining liquidity.

The fair value of the Fund's investments and securities lending collateral is as follows (in thousands):

	<b>June 30</b>	
	<b>2007</b>	<b>2006</b>
<b>Short-term investments</b>		
Investments:

Florida Hurricane Catastrophe Fund

Notes to Financial Statements (continued)

**3. Investments (continued)**

As of June 30, 2007, the Fund held the following investments (in thousands):

Investment Type	Fair Value	Weighted Average Maturity (Days)
Certificates of deposit	\$ 263,716	3
Commercial paper	554,615	2
Corporate bonds and notes	1,718,128	25
Liquidity notes	1,259,771	2
Money market funds	160,767	1
U.S. treasuries	894,217	1
Total fair value	<u>\$ 4,851,214</u>	
Portfolio weighted average maturity	—	34

**Interest Rate Risk**

Liquidity being a primary concern, the investment policy objective is to invest in highly liquid, relatively short-term investment strategies which are reviewed on an annual basis to ensure the appropriateness of the strategic goal. The Fund utilizes the weighted average maturity method to limit exposure to interest rate risk. In accordance with the policy, no individual security shall have a final maturity date longer than 5 years, and the weighted average maturity of the portfolio shall not exceed 365 days. For purposes of this calculation, the maturity date is assumed to be the next reset date rather than the stated maturity.

**Credit Risk**

Funds are invested in accordance with Section 215.47 of the Florida Statutes, which includes, but is not limited to, certificates of deposit, commercial paper, U.S. government agency notes, U.S. Treasury bills, repurchase agreements, and variable rate notes that enhance the Fund's investment income while maintaining liquidity. The investment policy further states that all securities must be investment grade at time of purchase. For short-term ratings, this has been defined as the highest applicable rating by at least one nationally recognized statistical rating

## Florida Hurricane Catastrophe Fund

### Notes to Financial Statements (continued)

#### 3. Investments (continued)

organization. For long-term ratings, this has been defined as BBB or better by at least two nationally recognized statistical rating organizations. The schedule below provides the credit quality ratings by Standard and Poor's and Moody's Investor Services at June 30, 2007 (in thousands).

Investment Type	Fair Value	Credit Quality Ratings	
		S&P	Moody
Certificates of deposit	\$ 50,006	AA	Not Rated

Money market funds	160,767	AAA	Aaa
U.S. treasuries	894,217	Not Rated	Not Rated
Total fair value	<u>\$ 4,851,214</u>		

#### Concentration of Credit Risk

Securities of a single issuer shall not represent more than 5% of portfolio amortized cost (excluding U.S. Treasuries and Agencies) if less than one year to final maturity. If greater than one year to final maturity, single issuer exposure will be limited to 3% of portfolio amortized cost. At June 30, 2007, the fund held \$894,216,549 in U.S. Treasury State & Local Government Series Securities (SLGS) which represents 18.43% of total investments. SLGS are nonmarketable securities that are only available for purchase by state and local governments and other issuers of tax-exempt securities. SLGS are direct obligations of the U.S. Government, backed by the full faith and credit of the U.S. Government.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### **3. Investments (continued)**

#### **Custodial Credit Risk**

Custodial credit risk is defined as the risk that the Fund may not recover securities held by another party. The Fund does not have a formal investment policy for custodial credit risk. At June 30, 2007, all investments held were either insured or registered and held by the Fund or its agent in the Fund's name.

#### **Foreign Currency Risk**

No exposure to foreign currency risk existed at June 30, 2007.

#### **Securities Lending Transactions**

The Fund, under authorization of Section 215.47(16) of the Florida Statutes, engages in security lending transactions. While the Fund did participate in security lending transactions during the year, there were no securities on loan at June 30, 2007. Therefore, there was no credit risk to borrowers at year-end and no cash collateral invested in the agent's short-term investment pool.

### **4. Securities Lending**

The Fund has a contract with Dresdner Bank to act as a lending agent in the performance of securities lending transactions. Under the securities lending program, Dresdner Bank delivers various securities of the Fund to authorized brokers in return for collateral in the form of cash or U.S. government securities. Borrowers under the transactions must be approved by Dresdner Bank's credit department, and Dresdner Bank is required to indemnify the Fund if the borrower fails to return the underlying securities or fails to pay income distributions on them. The Fund is contractually limited from pledging or selling collateral represented by loaned securities except in the event of borrower default. No violations of legal or contractual provisions occurred, and no losses were incurred due to borrower or lending agent defaults in 2007.

While the Fund did participate in security lending transactions during the year, there were no securities on loan at June 30, 2007. The collateral held represents 102% in 2006 of the market value of the securities lent. Dresdner Bank monitors daily the market value of the securities lent and requests additional collateral if the collateral for any loan is less than 100% of the market value of the underlying securities for that loan. The Fund had no credit risk exposure to borrowers at June 30, 2007 or 2006, because the amounts the Fund owes the borrowers exceed the amounts the borrowers owe the Fund.

## Florida Hurricane Catastrophe Fund

### Notes to Financial Statements (continued)

#### 4. Securities Lending (continued)

The collateral held as assets is recorded in the statement of net assets (deficit) at fair value in accordance with Statement No. 31. Obligations under the program are recorded as liabilities based on the cash value of the collateral received. Details of the lending transactions for the Fund at June 30, 2006, are as follows (in thousands):

<b>Securities on Loan</b>	<b>Fair Value of Underlying Securities Lent</b>	<b>Cash Collateral Held</b>	<b>Fair Value of Collateral Investment Pool</b>
2006 U.S. obligations	\$ 124,953	\$ 127,875	\$ 128,355

As of June 30, 2006, the Fund held \$127,875,000 of cash collateral from Dresdner Bank. The cash was reinvested in various short-term instruments as authorized by the securities lending agreement. Maturities of investments made with cash collateral generally are not matched to maturities of the securities loans, due to securities loan agreements being open-ended with no fixed expiration date.

#### 5. Capital Assets

A summary of the Fund's capital assets and the related accumulated depreciation for the years ended June 30, 2007 and 2006, is as follows (in thousands):

	<b>Equipment</b>	<b>Accumulated Depreciation</b>	<b>Net</b>
Balance as of June 30, 2005	\$ 103	\$ (93)	\$ 10
Additions	3	(7)	(4)
Sales or disposals	(13)	13	-
Balance as of June 30, 2006	93	(87)	6
Additions	2	(4)	(2)
Sales or disposals	(7)	7	-
Balance as of June 30, 2007	<b>\$ 88</b>	<b>\$ (84)</b>	<b>\$ 4</b>

## Florida Hurricane Catastrophe Fund

### Notes to Financial Statements (continued)

#### 6. Hurricane Losses

The state of Florida was not hit by any hurricanes during the 2006 hurricane season.

The state of Florida was hit by four hurricanes during July through October of 2005. These hurricanes were Category 3 Hurricane Dennis on July 10, Category 1 Hurricane Katrina on August 25, Category 1 Hurricane Rita on September 20, and Category 3 Hurricane Wilma on October 24.

The state of Florida was hit by four hurricanes during August and September 2004. These hurricanes were Category 4 Hurricane Charley on August 13, Category 2 Hurricane Frances on September 4, Category 3 Hurricane Ivan on September 16, and Category 3 Hurricane Jeanne on September 25.

The following table provides a reconciliation of the beginning and ending balances for unpaid hurricane losses for 2007 and 2006 (in thousands):

	<b>Year Ended June 30</b>	
	<b>2007</b>	<b>2006</b>
Reserve for unpaid hurricane losses	<b>\$ 2,131,913</b>	\$ 925,827
Add provision for hurricane losses occurring in:		
The current year	–	4,500,000
Prior years	–	200,000
Net incurred losses during the current year	–	4,700,000
Deduct payments for claims occurring in:		
The current year	–	2,734,810
Prior years	<b>1,322,018</b>	759,104
Net claim payments during the current year	<b>1,322,018</b>	3,493,914
Reserve for unpaid hurricane losses at end of year	<b>\$ 809,895</b>	\$ 2,131,913

The Fund's reserve for unpaid hurricane losses, at June 30, 2005, was increased in the following year by \$200,000 as a result of ongoing loss development and actuarial analyses.

# Florida Hurricane Catastrophe Fund

## Notes to Financial Statements (continued)

### 7. Bonds Payable

The Fund is expecting to pay loss reimbursements of \$3.95 billion to participating insurers for the 2004 hurricanes and \$4.50 billion for the 2005 hurricanes. This resulted in deficit unrestricted net assets as of June 30, 2006. In response to this shortfall, the Corporation issued post-event Series 2006A Revenue Bonds in the amount of \$1,350,025,000 during the year ended June 30, 2006. The funding for these bonds will come from a 1% emergency assessment on the direct written premium for all property and casualty lines of business in Florida including property and casualty business of surplus lines insurers, but not including workers' compensation premiums or medical malpractice premiums until 2007. The bonds are stated to mature without right of prior redemption on July 1 of the following years and bear interest at rates ranging from 4.00% to 5.25% as follows (in thousands):

2008	\$ 244,430	5.00%
2009	256,655	5.00
2010	30,000	4.00
2010	239,485	5.00
2011	282,660	5.00
2012	140,865	5.00
2012	155,930	5.25
	<u>\$ 1,350,025</u>	

In order to provide a source of funds to reimburse participating insurers for losses relating to future covered events, in July 2006, the Corporation issued pre-event Series 2006B Extendible Floating Rate Notes in the amount of \$2.8 billion. Investment earnings on these funds, as well as reimbursement premiums if necessary, are used to pay the debt service requirement of the notes. The final maturity date for the notes will be August 15, 2011.

In connection with the issuance of the revenue bonds, the Corporation incurred \$12,166,000 of bond issuance costs which have been capitalized and will be amortized over the life of the bonds payable. Amortization expense recognized during 2007 was \$2,188,000.

Cash and cash equivalents at June 30, 2006, include \$13 million of cash received as a good faith deposit in connection with the bond offering. The entire amount of the deposit was returned upon the settlement of the bond offering on July 7, 2006.

Notes to Financial Statements (continued)

**8. Compensated Absences**

Compensated absences were as follows (in thousands):

Balance as of June 30, 2005	\$	134
Increases		65
Decreases		(72)
Balance as of June 30, 2006		127*
Increases		75
Decreases		(56)
Balance as of June 30, 2007	\$	146*

\*Includes long-term and short-term balances, of which \$43,000 and \$40,000 is estimated due within one year of June 30, 2007 and 2006, respectively.

**9. Premium Revenues**

Fiscal year premiums, net of prior contract year adjustments, as reported in the statements of revenue, expenses, and changes in net assets (deficit), relate to contract years as follows (in thousands):

	<b>Year Ended June 30</b>	
	<b>2007</b>	<b>2006</b>
Contract year 2006	\$ 1,200,022	\$ —
Contract year 2005	2,192	736,678
Contract year 2004	140	(1,385)
Contract year 2003	8	(585)
	\$ 1,202,362	\$ 734,708

**10. Related Parties**

The Fund paid the SBA approximately \$76,000 for the Fund and \$350,535 for the Finance Corporation in the fiscal year ended June 30, 2007, and \$345,000 for the Fund in the fiscal year ended June 30, 2006, for investment advisory services.

## Florida Hurricane Catastrophe Fund

### Notes to Financial Statements (continued)

#### **11. Subsequent Events**

In July 2006, the Corporation issued pre-event Series 2006B Extendible Floating Rate Notes. In August 2007 and September 2007, \$200 million and \$22.250 million, respectively, of these notes “non-extended” and will become due and payable in August 2008 and September 2008, respectively. Until then, interest will be payable on these amounts at the rate of 30-day LIBOR, plus 2 basis points. In September 2007, the Corporation executed a modification to these notes to increase the coupon spreads applicable to the four remaining reset periods from 2, 3, 4, and 4 basis points, respectively, above 30-day LIBOR to 21, 22, 23, and 25 basis points, respectively, above 30-day LIBOR.

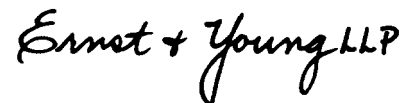

In addition, to maximize the ability of the Fund to meet future obligations, in October 2007, the Corporation issued \$3.5 billion pre-event 2007A Floating Rate Notes. The proceeds from these notes will be used to pay for losses incurred from future covered events. Investment earnings on these funds and reimbursement premiums, if necessary, will be used to pay the debt service requirements of these notes.

## Report of Independent Auditors on Other Financial Information

The Trustees of the State Board of Administration of Florida  
Florida Hurricane Catastrophe Fund

Our audits were conducted for the purpose of forming an opinion on the financial statements taken as a whole. The combining statement of net assets (deficit) and statement of revenues, expenses, and changes in net assets (deficit) as of June 30, 2007, and for the year then ended, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

Report on Internal Control Over Financial Reporting and on  
Compliance and Other Matters Based on an Audit of  
Financial Statements Performed in Accordance  
With *Government Auditing Standards*

The Trustees of the State Board of Administration of Florida  
Florida Hurricane Catastrophe Fund

We have audited the financial statements of the Florida Hurricane Catastrophe Fund (the Fund) as of and for the years ended June 30, 2007 and 2006, and have issued our report thereon dated October 15, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

**Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Fund's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Florida Auditor General and the management of the State Board of Administration of Florida and is not intended to be and should not be used by anyone other than these specified parties.

*Ernst + Young LLP*
