ENCLOSURE 2

TO THE TRUST AGREEMENT BETWEEN THE STATE BOARD OF ADMINISTRATION OF FLORIDA AND THE SCRIPPS FLORIDA FUNDING CORPORATION

Background and Investment Objective

Investment Objective

The objective of the portfolio will be to provide liquidity to fund the anticipated disbursement schedule of Scripps Funding Corp. through 2013. Investments will be made in high quality, readily marketable fixed income securities, including, but not limited to, Treasury STRIPS, TIPS (Treasury Inflation Protected Securities), and the Dreyfus money market fund (ticker "DGCXX"). These investments will mature in such amounts and on such dates as will meet anticipated funding needs, as provided to the SBA prior to the first scheduled payment on March 15th each fiscal year, with cash on hand, without diminishing any of the remaining principal. Coupon income and maturities will be invested in the Dreyfus money market fund pending disbursement.

All investments must be rated investment grade by at least one Nationally Recognized Statistical Rating Organization (NRSRO) or, if not rated, deemed by the SBA to be the equivalent of investment grade.

Should investments need to be liquidated prior to maturity according to directions from the Client, sales will not be constrained by either gains or losses resulting from such transactions.
