

A Chance to Capitalize on the Rate Increase

The announcement from the Federal Reserve of an increase to the target range of the fed funds rate of 0.25% should spark a rise in yield for the Florida PRIME Portfolio.

Florida PRIME Participant Yield compared to the Fed Funds Rate

As rates rise, Senior Portfolio Manager Paige Wilhelm seeks to invest in securities with the highest yields possible consistent with stability of principal and daily liquidity. In the previous rising rate environment, the pool has risen in response to recent Fed hikes, enhancing participants' working capital.

For more information on how you can take advantage of a rising-rate

environment and invest in Florida PRIME, call Luke Raffa at 407-733-5880.

An investment in the Pool is not insured or guaranteed by any government or government agency. Although the manager of the Pool seeks to preserve principal, it is possible to lose money by depositing money in the Pool.
