Florida PRIME Investment Advisor Receives iMoneyNet Awards

Florida PRIME's investment advisor, Federated Investors, was recognized by iMoneyNet in their most recent Money Fund Report. iMoneyNet, the leading provider of money market mutual fund information and analysis, recently recognized money funds that reported the highest net one-year returns for 2013 in several different fund categories. Federated portfolio managers received the "Top Manager Award" for their management of prime institutional money funds. In addition to Federated's role as investment advisor, Florida PRIME also looks to Federated to provide overnight liquidity for the pool via two Federated AAAM-rated prime money market funds.

"We're pleased to learn that Federated Investors has again been recognized by industry experts as a money markets' investment leader," said Ash Williams, Executive Director & CIO of Florida's State Board of Administration. "Federated employs a conservative, bottom-up approach to managing the pool's assets, adding value through security selection that is grounded in credit research."
